

Math 1005 – Academic Support for Math 1105 – Fall 2008 **Sponsored by the Learning Strategies Center (LSC)**

Math 1005 reviews material presented in Math 1105 lectures, provides problem solving techniques and tips as well as prelim review. The course provides further instruction for students who need reinforcement. It is not, however, a substitute for Math 1105 lectures or recitations.

All students enrolled in Math 1105 are welcome to attend the Math 1005 lectures and visit the Math 1005 website (<http://blackboard.cornell.edu/>) for class schedule information, weekly announcements and handouts. The Math 1005 classe meets on Wednesdays from 2:55 p.m. – 4:10 p.m. (MLT 228 – Bache Auditorium). **Only students enrolled in Math 1005 will be offered tutoring services.** Successful completion of the course requires attending a minimum of 8 classes during the semester.

If you Do enroll in Math 1005

Bear Access-CoursEnroll

- You will have access to 12 tutoring hours per week.
- You are required to attend a minimum of 8 of the lectures to receive an “S” grade.
- You will receive one transcript credit. (Note: In some colleges, credit shows on transcript but does not count towards degree – check with your advisor.)

If you Do Not enroll in Math 1005

- You are still welcome to attend 1005 lectures and access the Math 1005 website.
- Tutoring services are **not** available to you.
- You may attend a few lectures and decide to enroll later, as attendance is taken from the beginning of the semester. Late registration is permitted.
